Bringing Clarity

When troopers sneered faggot!
thrusting panties on internees’
heads, I explicated the more

dynamic cultural matrix for
them. Waterboarding they
were even more simplistic
in regards to. My job:

Have them see through policy's
glass. Most are mere children, &,

again, we must educate since the bas-
tard & trivial & permissive system
has flopped...encore, encore--

sick of it yet? Those
multitudinous pressures

have gotten to me
I regret to state

I've masturbated to injury
several times. I feel I'll
stop when I get out of here.

Laying down, as The Bible says,
my burden. Necessary burden
imposed by God & Country.
